Cubo

Solar post light

MODEL: HA143535-01B

DESIGN DRAWING

⚠ **Read all instructions before you start, and keep them for future reference.**

Installation precautions

1. Place the panel where it gets several hours of direct sun.
2. Do not open the sealed panel or battery compartment.
3. Keep the panel clear of leaves and snow.

Tools needed

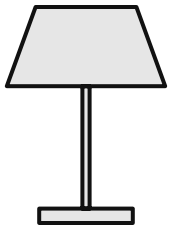

No tools needed

Parts list

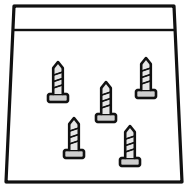

CHECK ALL PARTS BEFORE YOU START

A ×1

Solar post light

B ×1 set

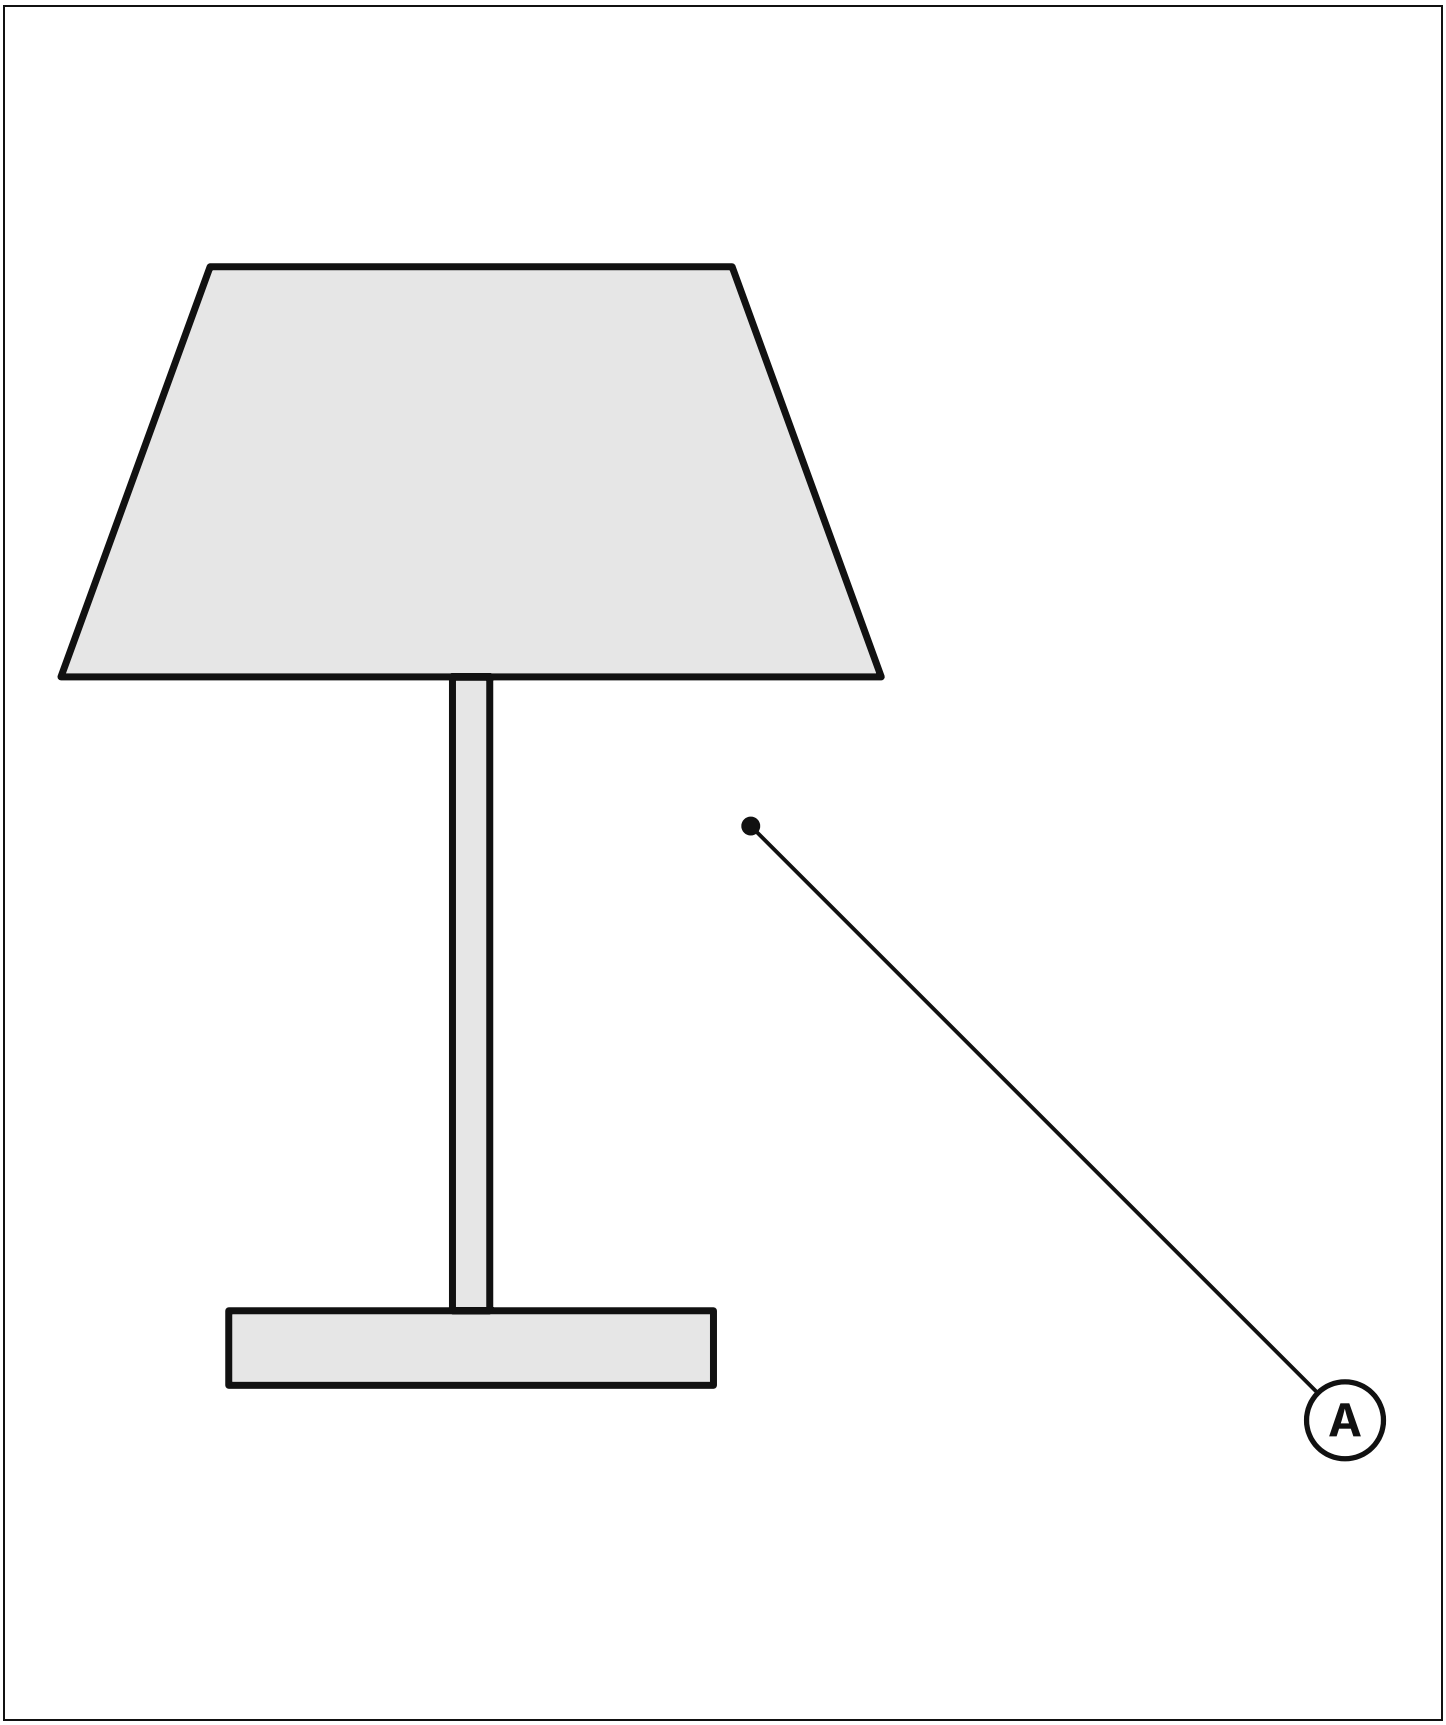

Mounting screws

Power

Solar powered: the built-in panel charges the battery by day.

Exploded view

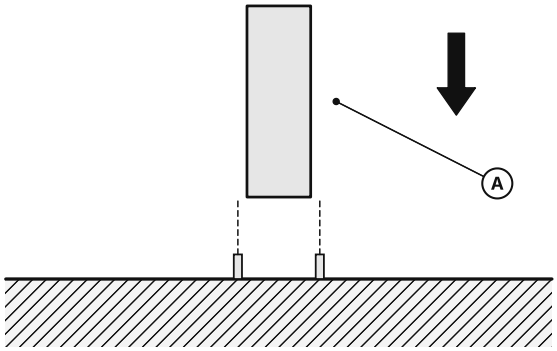

A Solar post light ×1

B Mounting screws ×1 set

Installation

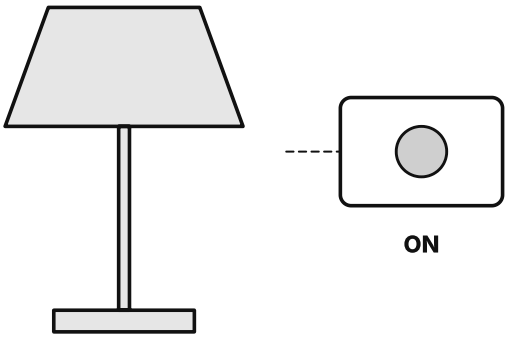

STEPS 1–4 OF 4

1

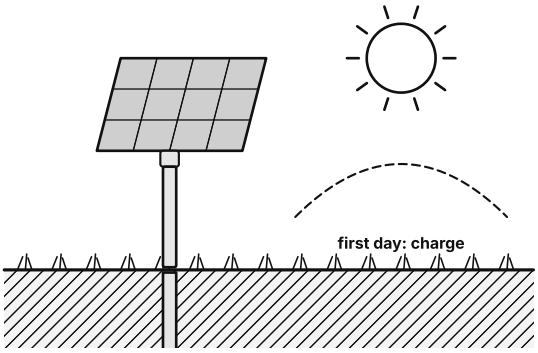

Fix the light (A) to the top of the post or pillar with the screws (B).

2

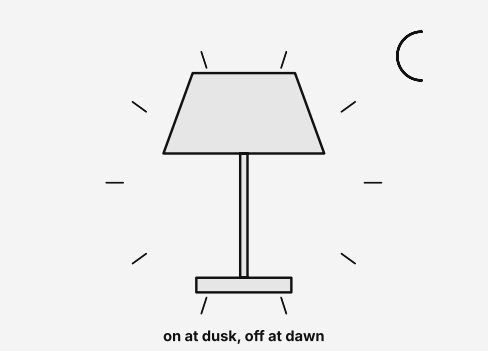

Switch the light on.

3

Let it charge in direct sun for the first full day.

4

It comes on by itself at dusk and goes off at dawn.

Care

- Wipe clean with a soft, dry cloth.
- Dry the copper after cleaning.
- Keep the solar panel clear of dust, leaves and snow so it charges fully.

Troubleshooting

Problem	What to do
Lights do not come on	Check the panel is switched on and gets several hours of direct sun. Charge a full day.
Short run time	Clean the panel and move it out of shade. Run time drops on cloudy days.
