## Installation

STEPS 1-4 OF 4

## Care

- Wipe clean with a soft, dry cloth.
- Dry the metal after heavy rain so the finish does not spot.
- Switch the fixture off and let it cool before cleaning.

## Troubleshooting

| Problem               | What to do                                                     |
|-----------------------|----------------------------------------------------------------|
| Lights do not come on | Check the plug, the adapter and every connector.               |
| Strip is coming loose | Clean and dry the surface again and press the strip on firmly. |
